About AFS Business Intelligence

Drawn from our market-leading pricing and risk data consortium, AFS provides detailed monthly reporting on commercial pricing practices in the market. Data is available at granular market segments, empowering bankers with information to improve their spreads and fee performance in their geographic footprint for their specific set of loan products. Benchmarks are available for deal flow/growth, pricing, and risk. Email today for a demonstration on how the AFS competitive market data can help your bank improve transactional and portfolio profitability, target areas for improvement, and identify markets and products that have the most favorable risk-return dynamics.
